FAX (301) 684-3729

May 1, 1989

Dear Tom:

CIAR's first Request for Application package has now arrived. This package is being sent to over 800 researchers as well as announcements being placed in a number of professional journals.

I believe we have reached a milestone and you have earned the right to take a degree of personal pride in having nurtured the Center to this point.

Thanks for your continued support.

Max
